Berlin Residents Absolutely Refuse to Believe Their Heads About the Situation. News Dealers Cannot Sell Papers Containing the Note.

By Associated Press.

WASHINGTON, May 6.—The official text of Germany's note fully decided the matter before President Wilson today. The note shows no material difference from the transcript published yesterday in news dispatches. This again has the probability that a break has been averted at least for the present.

BERLIN INDIFFERENT

BERLIN, May 6.—The utter lack of excitement on the part of the majority of the people of Berlin when the newspaper appeared with the German note to the United States was in strong contrast with the great interest shown everywhere when the American note to Germany was published April 22.

After the first flurry at noon today when extra editions of the newspapers appeared with the text of the note, the city resumed its usual calm. In fact it was almost a dead calm on account of the blustering heat. News dealers who had ordered especially large supplies of papers could not get rid of them for the public simply refused to buy them or be bothered by reading.

Throughout the afternoon hordes of people were seen throughout the principal streets and cafes. Not one person in 50, so far as could be seen, glanced at a newspaper or heeded shouts of the dealers. Nowhere could there be heard any particular discussion of the German-American situation nor were there signs of the animosity to persons speaking English which frequently have been observable.

FRENCH VIEWS VARY.

PARIS, May 6.—The French press subjects the German note to the United States to severe analysis, drawing varying conclusions from it. Some papers consider that Germany has yielded although with bad grace. Others believe the document is a tortuous refusal.

GERMANS THROWN BACK.

PARIS, May 6.—The French evicted part of their troops from the northern slope of Hill 701 on the Verdun front west of the Meuse as the result of an unusually violent bombardment by heavy German guns. The war office statement of this afternoon says, however, that all efforts of the Germans to advance were checked by French guns and that a fresh division of troops which the Germans brought into action sustained great losses.

Attacks north of Hill 701 were repulsed at the point of bayonets.

GREAT COAL YEAR

Pennsylvania Shatters Record for Bituminous and Coke.

HARRISBURG, May 6.—Pennsylvania's production of coal in 1916 is given as 249,797,774 tons by James E. Roderick, state chief of the department of mines. In his summary of the coal industry issued today. The statistics show that 89,377,706 tons of anthracite were produced, a decrease of 1,811,235 compared with 1915. Bituminous production was 157,420,068, an increase of 11,535,538 tons. There were 25,022,043 tons of coke produced, an increase of 4,818,325 tons. Business activity due to the European war is responsible for the increase in bituminous production.

MAJOR MCKIBBE SHOT.

Eighth Leader of Sinn Féin Rebellion Is Executed.

DUBLIN, May 6.—It was officially announced today that Major John McKibbe, the eighth leader of the Sinn Féin rebellion to be sentenced to death, has been shot.

Major John McKibbe fought through the Boer War with the Irish brigade under General Pitt. When the Boers finally surrendered he made his escape and took refuge in Paris where he later married Miss Madeleine Gonne, known in Home Rule circles in Ireland as the Irish Joan D'Arc.

See Ford for Libel.

WASHINGTON, May 6.—The navy league filed a suit for libel today in the district supreme court against Henry Ford the Detroit manufacturer asking for \$100,000 damages. The suit alleged libel in some of Ford's published statements opposing military preparedness.

Marries His Sister.

Miss Edna M. Babin and Carl Haverstock, both of Canton O., were married in Pittsburgh yesterday by Rev. H. A. Baum of Dawson, a brother of the bride.

**32 MEXICANS KILLED IN
CLASH WITH U. S. CAVALRY**

Surprised in Camp, Villa Bandits Are Scattered Fell and Many Die.

By Associated Press.

FIELD HEADQUARTERS, near Nampiquia, via wireless to Columbus, May 6.—A full squadron of 230 men of the 11th Cavalry surprised and routed a much larger force of Villa bandits at Ojo-Azuules, 17 miles south of Chihuahua early yesterday.

Forty-two Mexicans were killed and a number wounded. There were no American casualties.

The American command under Major Robert L. Howze had been pursuing the bandits under General Cruz Dominguez and Julio Acosta for several days when they encountered them encamped in the huddle adobe huts of Ojo-Azuules.

The Mexicans were completely surprised and sprung from their palatia half clothed. After firing a few wild shots they began a flight, each man shifting for himself. Some of them were able to seize their horses, already judged from a hard day's ride previously, but others made their way into the hills alone.

Major Howze reported that he was still pursuing the scattering remnants of the band which is the largest remaining under the Villa standard. This decisive victory gave much satisfaction to military men here. It is believed the band is the same as that defeated at Temoche April 22 by Col. George A. Dodd's command.

CALLS BANK REPORTS

Comptroller Wants Statements of Foreign Loans.

By Associated Press.

WASHINGTON, May 6.—The comptroller of the currency today issued a call to all national banks requiring them to report to him their condition at the close of business on Monday, May 1.

In their answers to his call national banks are required to inform the comptroller of their investments in foreign securities, particularly those of nations now engaged in war. The result is expected to show for the first time just how much of the \$600,000,000 loan to the Entente Allies came directly or indirectly from national banks as well as how much Germany or Austria may have secured through the same sources.

ARRESTED FOR LARCENY

Maxwell Steals Brass and Lands in Jail in Hour and Half.

George Maxwell was given a hearing before Alderman Fred Munk yesterday afternoon, charged with larceny. The information against him, being made by Joseph McConnell, Maxwell was arrested at the Sligo works by the watchman, Charles Bloxha, who caught him stealing brass oil cups. Joseph McConnell was notified and within one hour and a half after his arrest, the guilty man was in the jailhouse jail.

STEEL MILL ASSURED

Almost All of Required \$60,000 Has Been Raised.

The committee canvassing the city for subscriptions for the proposed new electrical steel mill near the West Penn power house reports that the plant is almost assured. The subscription for the last report were \$50,000, and between that time and today almost all the required \$60,000 has been raised.

The men who have been handling the canvassing end are satisfied with the progress that has been made. After the smaller subscriptions were accepted, the fund increased rapidly.

New P. R. R. Solicitor.

F. F. Truesdale, Division Freight Agent of the Pennsylvania railroad, was a Connellsville visitor yesterday introducing J. E. Kirk, who is entering upon his duties as freight solicitor in this territory with headquarters in Guilfordtown.

To Attend Supreme Court.

Attorney E. C. Higbee, accompanied by Mrs. Higbee, left this morning for Philadelphia where the former will attend the annual session of supreme court. They expect to visit in New York also.

No Arrests Made.

No prisoners were given hearings at police court this morning, no arrests having been made over night.

**GENERAL WORTH LODGE
BIDS FAREWELL TO HOME**

General Worth Lodge of Odd Fellows bids farewell to the Odd Fellows' Temple on Apple street at a social session and entertainment last night. Their home has been sold to the Pennsylvania railroad to make room for a new freight station and the last regular meeting will be held Friday night. After that the furniture will be removed and the structure turned over to the railroad company. It will be razed immediately. About 350 members and their ladies were present last night. A chicken dinner was served in the banquet room and an entertainment followed in the lodge room. It was an unusually successful affair and the committee in charge, J. E. Strubbe, D. L. Koser, I. L. Davis, J. L. Williams and C. W. Glidice, deserved all of the praise that was accorded them. The program included the following numbers: Piano selections by Miss Pearl Keck; an address of welcome by C. W. Beersbower; a vocal solo by Miss Elizabeth Anderson; a piano and violin duet by Masters Peterson and Koser; a reading by Miss Elizabeth Williams and a duet by Miss Harmon and Mr. Burley.

After next Friday night, General Worth Lodge will meet in its former quarters in Odd Fellows Hall on East Main street. William McKinley Lodge will return to its old meeting place in Markell Hall. It is said, the Odd Fellows will build a new temple, but no steps in that direction have been taken as yet.

**H. C. FRICK COMPANY AGAIN INCREASES
WAGES OF EMPLOYEES; SCALE IS NOW THE
HIGHEST IN WORLD FOR COAL MINE WORK**

Following its long established policy of sharing its profits with its employees, the H. C. Frick Company this afternoon posted notice of an increase in its wage scale, effective Monday, May 8.

The scale of wages paid since February 1, 1916, is the highest in the history of the Connellsville region and this most recent advance over that scale makes the present rate the highest in the world for coal mining labor.

The new scale follows:

"On and after May 8, 1916, and thereafter notice of the following wages and prices for labor will be paid by this company:

"Mining and loading rock and rib

Company D Receives Shipment of 2,400 Rounds of Ammunition.

GET NO RATIONS AS YET

Men Are Still Paying 25 Cents a Meal for Their Food at Armory; Company to Attend Presbyterian Church on Sunday; Dance a Success.

Company D has not yet received its share of the army rations that were to be distributed by Regimental Commissary Sergeant Montgomery Dillworth, who was ordered to Greensburg for that purpose yesterday. Breakfast this morning was served by the company cooks and the men were charged the 25 cents, the allowance for each meal. The rations did not arrive in time for dinner either and the cooks again had to purchase the grub at local stores.

Half of the company, about three squads, were taken to the Reiksmore range in the morning to qualify as marksmen. Captain J. C. Herwick is in receipt of a letter from Brigadier General Thomas J. Stewart telling of the shipment of 2,400 rounds of ammunition, to be used at the range. This afternoon the remainder of the company was taken to the range. As there are no extra duties such as the cleanup which is necessary at camp, the company is not called until about 6:30 in the morning. This morning while it was still cool, two hours of drill was held. A close and extended drill was executed, finishing up with a bayonet drill.

Tomorrow the members of the company will attend the services at the First Presbyterian Church in a body. An effort was made to have the services held in the armory, but a minister could not be secured owing to services being held at all of the churches tomorrow. The entire balcony will be reserved for the company.

Another member of the company, who just arrived last evening from near Youngstown, has swelled the roll to 52.

Last evening a dance was held at the armory. Members of the company were the only men present but a large number of their lady friends attended and an enjoyable evening resulted.

REJECT OFFICIALS' PLANS.

PITTSBURGH, May 6.—The Westinghouse Electric & Manufacturing Company strikers' committee today rejected the proposition of E. M. Herr, president of the company, that a committee of 10 from the picket employes be selected to confer with him on the questions at issue. The counter proposition that five members of the original strike committee confer with him was sent to Mr. Herr.

Crowds of strikers surrounded the building where the meeting was held but there was no disorder.

Heavy cavalry patrols were on duty in all the strike towns of the Turtle Creek and Monongahela valleys today and additional forces frightened by the rioting earlier in the week returned to work in plants invaded by the mob. Factory managers in plants where strikes have not been declared but where operations were suspended during the excitement said conditions were becoming normal and they expected full forces on Monday.

A committee today began the collection of funds to be used in the defense of Anna Bell, Fred E. Merriek and other leaders who are in jail and whose release on bail was denied by Judge Reid.

**J. H. FORREY DINES LOCAL
MEN ON SCHUYLKILL SHAD**

Joseph F. Forrey of Philadelphia, a former resident of Connellsville, and Burgess of the borough in 1876, entertained a group of old time friends at the Hotel Arlington last night at a shad dinner. The last secured the shad fresh from the waters of the Schuylkill prior to his departure from home. Landlord Dull and his staff provided all other appointments and served the dinner with their accustomed attention and care in all its details, and to the great delight of the guests.

Captain E. Dunn, Dr. G. W. Newcomer and J. R. Baisley were honor guests of the occasion. Under the inspiring influence of Dr. Newcomer gave one of his characteristically patriotic addresses on "American." Others responded but preferred that what

**DICKERSON RUN STRIKERS
MAY SOON RETURN TO WORK**

Officials Promise Them All Concessions Granted to McKees Rocks Men; Vote Tonight.

J. B. Yohe of Pittsburgh, general manager, and L. H. Turner, superintendent of motive power, of the Pittsburgh & Lake Erie railroad, met last night at the Dickerson Run Y. M. C. A. with several prominent citizens of Dawson and vicinity and a part of the strikers' committee in an effort to effect a settlement with the shopmen who struck Friday. The officials arrived at Dickerson Run from Pittsburgh about 6:45 o'clock and adjourned to the Y. M. C. A. They stated that while no announcement had been made by the company that in time the McKees Rocks shop work would be extended to other places, and that Dickerson Run was one of the places in view, on condition that they were treated in the right manner by the employees.

The members of the strikers' committee who attended the meeting were Carl Newmyer and Harry Shipley. They said the employees at Dickerson Run wanted the same concessions that McKees Rocks employees had been given. They were assured by the officials that they would be treated as well in every respect as the McKees Rocks men. At McKees Rocks it was necessary to hire four interpreters, each speaking three languages, as their employees represented 12 different nationalities. The officials said that while they were not blaming the men for striking they felt that they should have given them some notice regarding the action they were about to take.

Among the citizens present were Dr. H. J. Bell, J. E. Black, C. T. McGill and W. C. Curry. The members of the strikers' committee who were not present are James Garlick, Charles Garlick and J. I. Mollisee, the latter two went to McKees Rocks to confer with the employees at that place. A meeting of the employees will be held this evening at Dickerson Run to discuss the strike situation. There has been no disorder of any description since the strike.

PRIEST INJOINS TRUSTEES

Local Pastor Claims Members Wanted Pay For Their Services.

UNIONTOWN, May 6.—Troubles of the St. John the Evangelist Slavish Roman Catholic Church of Connellsville were aired in court today before Judge J. Q. Van Swearingen, the action coming before the judge on a preliminary injunction secured by Rev. Stephen Ulrich against four members of his congregation. Charges were made by the priest that John Hanisek, Michael Hatzelska, Andrew Danko and John Marheko interfered with his duties. It was alleged that the quartet, who formerly were members of the church committee, threatened to prevent Father Ulrich from officiating at any service celebrated in the church, and that they collected \$500 from parishioners which they now have on deposit in the Colonial National Bank of Connellsville.

The priest asked the court to make a permanent restraining order prohibiting the four men from interfering with his duties and compelling them to turn over to him as the treasurer of the church the money on deposit in the Colonial National Bank.

According to the testimony, the trouble grew out of an attempt of the four members of the church committee to secure pay for their services in signing the church vouchers and auditing the church books. It was testified they passed a resolution authorizing them to be paid for their services to the church and the resolution was sent to Bishop Canevin of the Pittsburgh diocese for his approval. He refused to approve the measure, it was declared.

Father Ulrich took charge of the church last June 24, being assigned to the pastorate by Bishop Canevin. Until last April 10 the defendants were members of the church committee, when they were removed

CANDIDATES FOR THE LEGISLATURE ARE BEING QUIZZED

By the Federation of Labor as to Their Attitude on Certain

PROPOSED NEW LEGISLATION

Views on Full Crew Heptal, State Constabulary, Old Age and Mother's Pensions and Compulsory Compensation Among the Tests of Fitness.

Judged by the scope of the inquiries contained in a letter which has been sent to candidates for Legislature in Pennsylvania, the Federation of Labor contemplates making a very ambitious campaign for revised or new legislation at the next session. The letter, which is sent out from the state headquarters of the federation at Harrisburg, requests candidates to give answer to a series of questions thereby indicating their attitude on a number of subjects of interest to organized labor. The questions are as follows:

Would you feel it your duty to oppose the repeal of the full crew bill? Would you be likely to vote against an attachment of wages, or garnishment, or state constitutional convention on a state constitutional convention on a non-partisan basis?

Would you be opposed to an increase in the number of the state constabulary and in the salaries of its officers? What would be your probable position on the subject of old age pensions, to be paid to persons having reached the age of 65 years?

Would you be in favor of an adequate appropriation for the mothers' assistance fund, so as to make the fund more advantageous to widows and abandoned mothers, and of making it compulsory on county commissioners to adopt it?

Would you support a bill to prevent the use of machines in the working out of stumps and pillars in the bituminous mines?

How do you feel toward the passage of an anti-injunction bill which would provide that no suit may be done legally by one person shall not be illegal if done by two or more persons?

Would you help to pass a compulsory compensation act, making it obligatory on all employers to insure their employees in the state workmen's compensation fund; raising the compensation rate to 65-75 per cent of wages; paying to widows and dependents widowers the sum of \$20 per month as in New York state, till death or remarriage, and increasing the period of payments for disability by at least 25 weeks?

It is stated that no answers to these questions will be made public, but if they are considered favorable from the federation's point of view, a letter will be given the candidate which he can circulate, showing that his attitude has received official endorsement of the federation.

NEW GASOLINE SUBSTITUTE.

This Time an Altona Inventor Claims to Have Found the Secret.

Earl C. Francis of Altona, formerly a mechanic with a motorcycle company, claims to have discovered a substitute for gasoline which can be manufactured and sold at a profit for seven cents a gallon.

It is declared that the substitute will run an ordinary car 100 miles for 35 cents. It has been tried on local cars with success. It is claimed.

Storage Increase Suspended.

WASHINGTON, May 6.—Proposed increases by the Baltimore & Ohio, Pennsylvania, Chesapeake & Ohio, Erie and a number of other railroads for storage of export grain held in elevators at New York, Philadelphia and other Eastern seaboard points which increased charges were to have gone into effect May 1, and at later dates, have been suspended by the Interstate Commerce Commission until August 29, pending investigation and hearing of the case. The claim of the railroads was that the freight congestion at the Atlantic ports would be reduced if they advanced the storage rates and in this way got the goods out quicker.

Mount Pleasant

Special to The Courier. MOUNT PLEASANT, May 6.—Company E, Tenth Regiment, is still being held at the state armory on Eagle street. The strictest military discipline is being maintained. When given an hour's permission to go over town the men must be back on the hour and do strictly as the superior officer tells them. Several who disobeyed were made to clean cuspidors and other menial work as punishment. In the way of amusement and granting leave Captain Walter Evans has proved a true friend to the boys and is held in high esteem by them. On Thursday evening girls were admitted and Russell Myers and Scott Lane furnished the music for an informal dance. Shortly before ten o'clock the dance stopped and at 10 taps sounded and all lights were out. Yesterday morning the day was started with a hike, and the boys as they marched over the streets attracted a great deal of attention. In the afternoon they were drilled from 2 until 5 o'clock on the Frick park which adjoins the armory. Women nearby who believe in preparedness, baked the most delicious cakes and gingerbread and sent into the boys. No little attention was attracted yesterday by a rookie, who was marched around the streets with a blanket on and carrying a gun, escorted by two other soldiers. In the evening there was a basketball game between two of the company teams. "Three days' rations" were issued yesterday.

Council held a special meeting last evening and adopted an ordinance making the millage for next year 10 mills. The valuation of Mount Pleasant property has decreased from \$2,648,015 in 1915 to \$2,463,834 in 1916, and the increase of one mill will only give the borough a gain of about \$800. If they did not raise the millage they would fall short about that amount. The matter of the annexation was taken up and a motion adopted that a committee of three with the president of council and Borough Solicitor Ralph Hurst call on the president of the West Penn company for a satisfactory answer and if this can not be had they will call on the Public Service Commission without another meeting of council. Several streets reported to council were put in the hands of the street committee.

The boys and girls who took part in "Bub-Bub," the comic opera that was given in the Grand Opera House last week, were entertained at the Institute last evening. Refreshments were served and a pleasant evening spent.

Mr. and Mrs. John McCurdy are the proud parents of a son born at the Memorial Hospital on Thursday night.

Dr. Dowds and Miss Elizabeth Mittlebauer of Connellsville were guests of Miss Sarah Hood who is improving from an operation at the Memorial Hospital.

Miss Elizabeth Ellenberger has returned to her Johnstown home after a visit paid Mr. and Mrs. W. J. Decker.

Mrs. J. L. Updegraff attended a meeting of district superintendents of the Westmoreland County Sunday School Association in Greensburg yesterday.

Facts Versus Fallacies

FACT is a real state of things. FALLACY is an apparently genuine but really illogical statement or argument.

RUSSIA'S experience, when, at the beginning of the war, it put its ban on vodka, has not been of much comfort to the persons who advocate Prohibition. The czar's subjects have found a way—or several ways—of quenching their thirst, much to the financial advantage of the drug stores, if not to Russia's National treasury.

THE following dispatch to the New York Journal from Petrograd tells the story without waste of words:

"AFTER more than a year's trial of the anti-liquor decree, it appears that some American prohibition history is being repeated in Russia.

"A MEMORIAL to the City Council of Petrograd sets forth that the union of the drug clerks finds the demand for eau de cologne and a variety of bitters has been growing steadily.

"IT HAS been estimated that the 150 licensed drug stores in the city have sold the equivalent of 216,000 gallons of pure alcohol since the anti-liquor edict took effect at the beginning of the war. There is a great demand for alcohol that has been allowed to stand upon aromatic seeds, roots and leaves, or which has been more simply doctored up with aniline ingredients.

"OF STILL greater proportion has been the use of denatured alcohol as a beverage and the rectification of denatured alcohol into a palatable, if not a wholesome substitute for vodka."

FROM the above it can be seen that in the primary essentials the Russian does not differ from the American—or for that matter, from the man of any other nationality. Take from him that which he considers he has a right to have, and he will have it, in spite of the laws to the contrary.

BUT more pertinent is the FACT that to hold that Prohibition prohibits is a FALLACY, whereas all that Prohibition ever has done is to prevent the legalized and regulated sale of liquor. And the best proof of this is that 180 drug stores in Petrograd sold 216,000 gallons of alcohol last year—or 1440 gallons (5760 quarts) to each store. Which is a pretty fair trade in alcohol for a drug store located in the capital of a Prohibition Nation!

Tender Teeth—the first sign of Pyorrhea

See your dentist twice yearly. Use Senreco tooth paste daily.

When you brush your teeth, does it feel as though you were brushing against the quick? Do the gums sometimes bleed? This is because pyorrhea has caused the gums to pull away from your teeth, leaving the unenameled surfaces unprotected.

Your dentist will tell you, if you ask him, that you have gum recession; and that gum recession is caused by pyorrhea.

Unchecked, pyorrhea will warp and shrink and deform the gums. It will break down the bony structure into which the teeth are set—and you will eventually lose them. To save your teeth you will have to begin to fight this dread disease at once.

A specific for pyorrhea has been discovered recently by dental science, and is now offered for daily treatment in Senreco Tooth Paste. Senreco combats the germ of the disease. Its regular use insures your teeth against the attack or further progress of pyorrhea.

But Senreco does more. It cleanses the teeth delightfully. It gives them a whiteness distinctive of Senreco alone. Its flavor is entirely pleasing, and it leaves in the mouth a wonderful sense of coolness and wholesomeness.

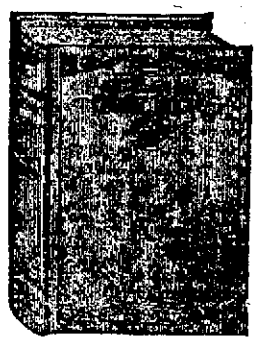

Start the Senreco treatment before pyorrhea grips you for good. Details in folder with every tube. A two-ounce tube for 25c is sufficient for 6 weeks' daily treatment. Get Senreco of your druggist today, or send 4c in stamps or coin for sample tube and folder. Address The Senreco Remedies Company, 503 Union Central Building, Cincinnati, Ohio.

At the Theatres.

SOISSON THEATRE.

"AS IN A LOOKING GLASS."—Many widely advertised beauties of the stage have appeared on the screen only to prove a disappointment to the motion-picture public, but in Kitty Gordon, the new World Film star, to be seen at the Soisson today in a film version of the novel, "As in a Looking Glass," is the guarantee of a vision of loveliness to satisfy the eye of the most critical. Miss Gordon, who has long been known as one of the few real beauties of the stage, has been discovered to be of the type of loveliness for which the motion-picture camera has no terrors. In fact, and this must be kept a secret, the famous British beauty appears in her first picture even more beautiful than across the footlight. In the story of "As in a Looking Glass," which deals with diplomatic intrigue of Washington, D. C., Miss Gordon has a role that gives her exceptional opportunities to display her emotional dramatic gifts. In addition the extremes of the plot give the star full scope as to costume, with the result that she appears in the most marvelous array of gowns and hats ever seen in a film. "Oh! What a Whopper," is a two reel Big U base-ball comedy with Harry Coleman and Charlotte Lillard in the cast. It is a riotous farce showing the Polo grounds in New York and the Giants playing one of their exhibition games. "The Gambler" is a Lacombe drama with Myrtle Gonzalez and Fred Church in the leading roles. It is the story of a gambler who takes chances to the end—the river. "The Tynland Villain" is a Powers juvenile comedy that will certainly amuse. Monday, Jane Novak comes in the 17th episode of the political serial, "Graft." Tuesday, Herbert Koley and Elsie Shannon appear in the five reel drama, "The Sphinx."

THE GLOBE.

"THE DARKER HOUR."—The closing episode of "The Sinners" serial, featuring Tris Brodman, is being presented today in addition to "Pettiness Pays," a three-part production. In "The Sinners," the generosity of the highwayman's rival enables Sili-garee to return to England, marry the girl he loves and take his place in society. "Pettiness Pays" deals with a young man, his cold mother and a daughter of a millionaire who is interested in charity work. She meets Nat and his mother and finally induces her father to finance a model tenement, which she plans to build. Later an old man whom Nat befriended dies and leaves him \$1,000,000. Monday, Marguerite Snow, a "Pretty Peggy," as she is known to thousands of her admirers, will be seen in "The Upstart," a five-part Metro attraction. In "The Upstart," Miss Snow appears as the wife of a minister, a role admirably suited to her talent. George LeGuere plays the role of Coventry Petmore, who becomes a fanatic upon the divorce question and deserves a kindly reception for varying the monotony of many conventional heroes. The picture is a humorous treat of love and divorce. Tuesday, Theodore Roberts will appear in "The Trail of the Lonesome Pine," a five-part Paramount attraction. Other members of the cast are Charlotte Walker, Earl Fox and Thomas Meighan.

THE ARCADE.

"DON QUIXOTE."—A Gaiety dramatic feature, presented by the Wolf Hepper, the most prominent stage player taken from the American stage for film productions, is featured today. Interest in "Don Quixote," is doubled by the appearance of the big comedian and the first pictorial presentation of the Spanish classic. A Keystone comedy from the Mack Sennott studios featuring Ford Sterling is included in the program. Monday Gladys Hanson, who has been playing with Lou Tellegen in "The Wave Case," will be starred in "The Havoc," the

FOR SPRING WEDDINGS.

One Attractive Way to Give the Bride a Shower.

With spring already upon us, the thought of spring weddings is now in the air. This is the ripe season for linen showers and other showers of household necessities given to the bride by all her friends. The girl who is to be married in April will be the recipient of many an entertainment before she is safely wedded, but she will enjoy nothing more than a shower if her friends have any novel ideas on the subject.

The chief point in a shower must always be its surprise; otherwise it would not be a shower. If you are thinking of giving such an affair for some friend who is soon to be married, be sure that every detail is kept a secret from her. That is half the fun.

A novel idea for a linen shower can be executed in the following way: Invite the bride to be to spend an evening at your home with a few old friends. See that she arrives the first and is comfortably seated and chatting when the other guests begin to arrive. Of course the latter are in the secret or else there would be no shower.

Each guest must come in carrying an umbrella. The bride may not notice the first one, but she will certainly remark before long that every one who enters carries an umbrella. She will probably ask before the last one arrives if it is raining, in which case the guest questioned should answer, "No, but it looks like a shower."

When all the guests have arrived each one must gain possession of her own umbrella in case it has been laid aside on her entrance. At a given signal, which should be some such remark from the hostess as "Did you say it looked like a shower?" the guests should all open their umbrellas with the answer, "It certainly does."

From the steel ribs of each umbrella should be suspended by a string the parcel holding the piece of linen which the guest intends to give the bride. Any big lumps, like a tablecloth, will make the umbrella a bit bulky when closed, but in such case the guest will have to tuck the bundle in unopened. But most linen pieces can be done up in such small parcels that they can easily be concealed in a closed umbrella.

At the signal to open the parcels will all hang down by their strings. The guests must then hold their umbrellas over the bride-to-be's head. The hostess provides her with scissors to cut down her various bundles, and the point of the shower is made apparent.

SAVED BY A HYMN.

Without Knowing It the Sentry Crammed His Opponent.

In his book "Why Men Pray," Dr. Charles Lewis Shattuck tells one of Henry Drummond's old stories to illustrate his point that prayer produces a sense of human fellowship.

"One Sunday night on an ocean steamer a man spoke of a hymn which had just been sung as having for him peculiarly sacred associations. He was in the Confederate army in the American war between the states and was ordered at one time to lonely sentry duty. As the night wore on he felt his danger, and to keep up his courage he began to sing—

Jesus, lover of my soul,
And after uttering the great prayer of this hymn he was comforted and felt quite safe.

"A strange expression came over the face of a fellow passenger on the ship. 'I,' he said, 'was in the Union army that night and had been sent out with a party of scouts. We saw a solitary sentry, and my men had their rifles leveled to fire, but just then we heard the clear notes ringing out in the stillness—

Cover thy defenseless head
With the shadow of thy wing,
And I said: 'Boys, lower your rifles. We'll go home!'"

Child's Cereal Set.
Nowadays there are many American wares of rather coarse clay thrust in beautiful colors and made in pretty shapes. A child's set, consisting of a plate, bowl and milk jug—a cereal set—is yellow, and around the top of the jug and bowl and around the edge of the plate is a decoration of white ducklings.

spring gown may be easily copied. The seven ruffles are edged with narrow lace, and the peplum of the waist folds into an elegant drape forming a front panel. A berth collar finishes the surplice, which takes a crushed girle of cornflower blue taffeta.

Ancient Use of a Kiss.

A Roman woman in the ancient time was not allowed to drink wine except if it were simple raisin wine, and, however she might relish strong drinks, she could not indulge even by stealth. First, because she was never intrusted with the key of the wine cellar and second, because she was obliged daily to greet with a kiss all her own as well as her husband's male representatives, down even to second cousins, and as she knew not when or where she might meet them she was forced to be wary and abstain altogether, for had she tasted but a drop the snell would have betrayed her. So strict were the old Romans in this respect that a certain forbidding severity is said to have slain his wife because he caught her at the wine cask—a punishment which was not deemed excessive by Romans, who absolved the husband of the crime of murder.

Between the Interstate Commerce Commission and the railroad officials, and the latter have been trying to get the most part of the cars out of the most part of the ship-

ment. In response to appeals from shippers, the department in an effort to avoid disaster to growers has called to the attention of the Interstate Commerce Commission the necessity for prompt movement of release and speedy return to producing sections of all refrigerator cars. Shippers and distributors are urged to use to the utmost every way possible toward the end of getting refrigerator cars into service and are reminded that their cooperation is necessary.

est of year of refrigerator cars may be sacrificed to the necessities of other shippers. A year ago the Department of Agriculture in a bulletin for farmers and shippers of perishable farm products called attention to the importance of prompt loading and unloading of cars and to the economic waste involved in a failure to do so. As the department's marketing work progresses, the importance of this phase of transportation service becomes more ap-

parent. In response to appeals from shippers, the department in an effort to avoid disaster to growers has called to the attention of the Interstate Commerce Commission the necessity for prompt movement of release and speedy return to producing sections of all refrigerator cars. Shippers and distributors are urged to use to the utmost every way possible toward the end of getting refrigerator cars into service and are reminded that their cooperation is necessary.

OUTSIDE COKE MARKETS

Still a Question of Supply at Chicago; Buffalo Market Disappointing. The Black Diamond reports that the only interesting feature in the Chicago coke market is the matter of getting enough coke to supply the demand.

Prices are stationary because they have reached the top. The market at Buffalo shows a disappointing downward tendency. The Coal Trade Journal. Prices are about 15 to 20 cents lower than a year ago. The demand is reported to be poor and is the opinion of the producers that home demand is not likely to be maintained. Quotations are \$6.50 to \$6.60 for 18 hour furnace dry, \$3.95 to \$4.15 for 18 hour furnace dry and \$3.85 to \$3.95 for stock coke.

To Take Over Over Plant. Negotiations are said to be in progress by which the Sloss-Sheffield Steel and Iron Company of Birmingham, Ala., the properties of the Sloss-Mining & Manufacturing Company, near that city. The properties consist of coal mines and a plant of about 150 acres. The properties have not been operated for many months. Read our classified advertisements.

FORD PEACE PARTY, ON WORKING BASIS, STILL VERY ACTIVE

Its Title Now Is "Unofficial
Peace Conference of Neu-
tral Nations."

WORKERS ARE WELL RECEIVED

No Definite Hope of Success, How-
ever Is Held Out to Them for Powers
Appeared to Say They Must First
Receive Call Fromelligence.

STOCKHOLM, May 6. The Ford
peace party, reduced now to a work-
ing basis, with delegates present from
the six neutral countries of Norway,
Sweden, Denmark, Holland, Switzer-
land and the United States, has re-
cently been very active here and has
enjoyed the official recognition of hav-
ing been received by the foreign min-
isters of the three Scandinavian coun-
tries. To each of these were pre-
sented appeals addressed to the diplo-
matic French to the king and the parlia-
ment, asking that the neutral gov-
ernments organize an official neutral
conference to offer its services in
bringing about peace. The Ford party
is now known as an "unofficial peace
conference of neutral nations."

The peace representatives were
graciously received here, at Copen-
hagen and at Christiania. No definite
hope for consideration was held out to
them, however, for the ministers de-
clared their countries could only act
when requested to do so by the hol-
ligerents.

The same appeal, addressed to the
President and to the "Parliament" of
the United States, also was offered to
the American minister here, Mr. No-
man Morris. Mr. Morris held, how-
ever, that it did not come within his
diplomatic province to accept appeals
directed to the President and to Con-
gress, so he advised his visitors to
present the matter direct to Wash-
ington.

The Ford appeal, which is to be pre-
sented also at Bern and The Hague,
says in part:

"Has not the moment come to act?
If, by an opportune step, an interven-
tion of neutrals, the war could be
shortened by a day, by a single day
which destroys thousands of lives,
ought not the step to be taken, no mat-
ter how difficult, how hopeless it ap-
pears?"

"History will never judge the
neutral countries if they remain mere
spectators of the terrible conflagra-
tion. They, too, suffer by the war,
and the belligerents themselves have
submitted their cause to the judgment
of the neutral nations. They have
spread over every country their White
Books and Blue Books and Books Red
and Yellow. They have made their
appeal to the conscience of the world."

NOVEL ADVERTISING

Tobacco Company Demonstrates How
to Roll Cigarette.

Distributing samples is an old but
effective method of acquainting the
public with the merits of merchandise,
and of late years the demonstrator who
goes from house to house or from
store to store showing people how to
prepare food products, or how some
new material, has become a useful
factor in the introduction and exploi-
tation of goods of many varieties.

A new and novel development of
the demonstrator is an agent to ad-
vertise in just now being introduced
by a corps of cigarette exporters who
are here in the interest of the
American Tobacco Company. Every
cigarette smoker knows about "Bull's"
and has seen the many advertisements
telling him why he should "roll your
own" of that excellent tobacco. Now
comes the expert cigarette rollers, who
stand in store windows and show just
how a smooth, shapely "Bull" Dur-
ham cigarette is rolled. The crowds
which gather about them and hang
upon every movement of their deft
fingers is striking proof of public in-
terest in this unusual demonstration.

Many smokers know the advan-
tages of a hand rolled cigarette but
have never mastered the art of making
one. It is in reality a simple matter,
and anyone who watches these demon-
strations carefully for a few minutes
can, with a little practice, roll a
cigarette as deftly as the best of them.

BE RID OF THAT ACHE

If you are a sufferer with lame back,
backache, dizziness, nervousness and
kidney disorders, why don't you try
the remedy that your own neighbors
recommend?

H. G. Blackburn, carpenter, 314 W.
Myrtle St., Connelville, says: "I
had gravel when a boy. I was oper-
ated on and didn't have any more
trouble for years. I finally began to
suffer, however, from a stiff pain in
the small of my back and didn't get
rid of the trouble until I used Doan's
Kidney Pills. A few boxes cured me
and I haven't had any kidney com-
plaint since."

TO ASK DAMAGES

Washington County and West Brown-
sville to File Claim.

A meeting of the commissioners of
Washington county and the street
committee of West Brownsville will
be held at the latter place today to
inspect the Monongahela river front
on the west side for the purpose of
ascertaining the advisability of ask-
ing the United States government to
repair damages to Water street done
since the building of the new lock
No. 8.

This action is to precede the calling
of a conference of Western Pennsy-
vania congressmen at that point.

SOUTHERN COKE FIRM.

Foundries Are Absorbing Output and
Prices Keep at High Levels.

Coke is the strongest of all indus-
trial products in the South except
steel, writes the Birmingham cor-
respondent of The Daily Iron Trade.
Foundries are absorbing the entire out-
put of the ovens with avidity. Makers
continue to quote \$4.50 ovens for Yu-
landa and Brookwood handpicked feun-
dry coke, with furnace coke, which is
limited in quantity, at \$3.25.

Throughout the South, especially in
Texas where foundries are busy, the
demand is strong. Some annual con-
tracts will be renewed sooner than
usual on account of increased con-
sumption.

HEAVY PIG IRON SALES.

Total Since January More Than 3,000-
400 Tons, Double That of 1915.

The total sales of all kinds of pig
iron made during April was 500,000
tons, nearly 600,000 tons of which were
placed during the last half of the
month. In March contracts were book-
ed for 1,369,000 tons; February sales
amounted to 900,000 tons and January
orders were 400,000 tons, so that since
the first of January, the blast furnaces
have sold 3,400,000 tons.
During the first four months last
year, pig iron contracts booked aggre-
gated 1,340,000 tons.
